INDEX

TO

BRAIN:

A JOURNAL OF NEUROLOGY,

FOR

VOL. XXXIII, 1910—1911.

INDEX OF AUTHORS.

PAGE

Allbutt, Sir Clifford, and Rolleston, Humphry Davy.
A system of medicine by many writers (Note on) ... 367

Batten, Frederick E.
Does poliomyelitis occur during intra-uterine life? ... 149
Progressive spinal muscular atrophy of infants and young children ... 433

Berger, Hans.
Untersuchungen über die Temperatur des Gehirns (Note on) ... 368

Bolton, Joseph Shaw.
A contribution to the localization of cerebral function, based on the clinico-pathological study of mental disease ... 26

Buzzard, E. Farquhar.
Toxic degeneration of lower motor neurone cells commencing during intra-uterine life in an infant dying at 2½ months ... 508

Coats, George, and Hancock, W. Ilbert.
Pathological examination of the freshly fixed eyes from a case of amaurotic family idiocy ... 514

Cushing, Harvey.
Strangulation of the nervi abducentes by lateral branches of the basilar artery in cases of brain tumour ... 204

Forster, Edm.
Die klinische Stellung der Angstpsychose (Note on) ... 369

Greenwood, Major.
Physiology of the special senses (Note on) ... 173

Hancock, W. Ilbert, and Coats, George.
Pathological examination of the freshly fixed eyes from a case of amaurotic family idiocy ... 514

Hart, Bernard.
Freud's conception of hysteria ... 339

Henschen, Folke.
Ueber Geschwülste der hinteren Schädelgrube insbesondere des Kleinhirnbrückenwinkels (Note on) 521

Hermann, Fr.
Gehirn und Schädel (Note on) 172

Hollander, Bernard.
The mental symptoms of brain disease (Note on) 170

Holmes, Gordon, and Paton, Leslie.
The pathology of papilloedema—a histological study of sixty eyes 384

Horsley, Sir Victor, and May, Otto.
The mesencephalic root of the fifth nerve 175

Kauffmann, Max.
Beiträge zur Pathologie des Stoffwechsels bei Psychosen (Note on) 368

Kern, Berthold.
Die psychische Krankenbehandlung in ihren wissenschaftlichen Grundlagen (Note on) 370

Kilvington, Basil, and Osborne, W. A.
Central nervous response to peripheral nervous distortion 264, 288

Krause, Fedor.
Surgery of the brain and spinal cord, based on personal experiences (Note on) ... 267

Lewandowsky, M.
Handbuch der Neurologie (Note on) 174

May, Otto, and Horsley, Sir Victor.
The mesencephalic root of the fifth nerve 175

MacDougall, William.
On the relations between corresponding points of the two retinæ 371

McIlroy, Janie Hamilton.
The independence of the peripheral sensory neurone in view of the results of experimental section of the optic nerve in the rabbit 461

Mendel, Kurt.
Die Paralysis agitans (Note on) 369

Merzbacher, L.
Eine eigenartige familiär-hereditäre Erkrankungsform (Aplasia axialis extracorticalis congenita) (Note on) 521

Mott, F. W.
A system of syphilis (Note on) 170
Syphilis of the nervous system (Review) 160
The brain and the voice in speech and song (Note on) 522

Nonne, Professor.
Syphilis und Nervensystem (Review) 160

Onodi, A.
The optic nerve and the accessory sinuses of the nose (Note on) 266

Oppenheim, Professor.
Text-book of nervous diseases for physicians and students (Note on) 522

Ormerod, J. A.
Two theories of hysteria 269

PAGE

Osborne, W. A., and Kilvington, Basil.
Central nervous response to peripheral nervous distortion 261, 288

Paton, Leslie, and Holmes, Gordon.
The pathology of papilloedema—a histological study of sixty eyes 389

Rolleston, Humphry Davy, and Allbutt, Sir Clifford.
A system of medicine by many writers (Note on) 367

Potts, W. A., and Shuttleworth, G. E.
Mentally deficient children, their treatment and training (Note on) 522

Reiss, Eduard.
Konstitutionelle Verstimmung und Manischdepressives Irresein (Note on) 521

Schlesinger, Hermann.
Die Indikationen zu chirurgischen Eingriffen bei inneren Erkrankungen (Note on) 174

Sherrington, C. S.
Remarks on the reflex mechanism of the step 1

Shuttleworth, G. E., and Potts, W. A.
Mentally deficient children, their treatment and training (Note on) 522

Spielmeyer, Walther.
Die Trypanosomenkrankheiten und ihre Beziehungen zu den syphilogenen Nervenkrankheiten (Note on) 171

Starr, M. Allen.
Organic and functional nervous diseases: a text-book of neurology (Note on) ... 267

Stewart, Thomas Grainger, and Turner, William Aldren.
A text-book of nervous diseases (Note on) 173

Stierlin, Eduard.
Ueber die medizinischen Folgezustände der Katastrophe von Courrières (Note on) ... 172

Turner, William Aldren.
Three lectures on epilepsy (Note on) 266

Turner, William Aldren, and Stewart, Thomas Grainger.
A text-book of nervous diseases (Note on) 173

Veraguth, Otto.
Das psychogalvanische Reflexphänomen (Note on) 171
Neurasthenie (Note on) 369

Weiler, Karl.
Untersuchung der Pupille und der Irisbewegungen beim Menschen (Note on) ... 368

Weisenburg, T. H.
Tumours of the third ventricle, with the establishment of a symptom-complex ... 236

Wilson, S. A. K.
Some modern French conceptions of hysteria 293

INDEX OF SUBJECTS.

Abducens palsies correlated with possible arterial constriction. Harvey Cushing ... 212

Amaurotic family idiocy, pathological examination of freshly fixed eyes from a case of. W. I. Hancock and G. Coats ... 514

Amentia and dementia, generalization of intracranial abnormal and morbid appearances in mental disease. Joseph Shaw Bolton ... 71

Angstpsychose, die klinische Stellung der. Edm. Forster (Note on) ... 369

Aphasie dans ses rapports avec la démence et les vésanies (Note on) ... 266

Arterial constriction, possible, abducens palsies correlated with. Harvey Cushing ... 212

Artery, basilar, strangulation of the nervi abducentes by lateral branches of the, in cases of brain tumour. Harvey Cushing ... 204

Atrophy, progressive spinal muscular, of infants and young children. Frederick E. Batten 133

Babinski's conception of hysteria. S. A. K. Wilson ... 290

Basilar artery, strangulation of the nervi abducentes by lateral branches of the, in cases of brain tumour. Harvey Cushing ... 204

A contribution to the localization of cerebral function, based on the clinico-pathological study of mental disease. Joseph Shaw Bolton ... 26

Brain and spinal cord, surgery of the, based on personal experiences. Fedor Krause (Note on) ... 267

and voice in speech and song. F. W. Mott (Note on) ... 522

disease, the mental symptoms of. Bernard Hollander (Note on) ... 370

tumour, strangulation of the nervi abducentes by lateral branches of the basilar artery in cases of. Harvey Cushing ... 204

Cerebellum : Ueber Geschwülste der hinteren Schädelgrube insbesondere des Kleinhirnbrückenwinkels. Folke Henschen (Note on) ... 521

Cerebral cortex in mental disease, micrometric examination of the. Joseph Shaw Bolton 86

function, a contribution to the localization of, based on the clinico-pathological study of mental disease. Joseph Shaw Bolton ... 26

function, provisional scheme of the localization of. Joseph Shaw Bolton ... 115

paths, the evidences of separate, for corresponding points. William MacDougall ... 372

Chirurgischen Eingriffen bei inneren Erkrankungen, Indikationen zu die. Dr. Hermann Schlesinger (Note on) ... 174

Clinico-pathological study of mental disease, a contribution to the localization of cerebral function, based on the. Joseph Shaw Bolton ... 26

Cortex, normal, lamination of, and its mode of evolution. Joseph Shaw Bolton ... 43

the pre-Rolandic or psychomotor. Joseph Shaw Bolton ... 106

Cortical localization, general remarks on. Joseph Shaw Bolton ... 27

Courrières, über die medizinischen Folgezustände der Katastrophe von. Eduard Stierlin (Note on) ... 172

PAGE

Degeneration, toxic, of lower motor neurone cells, commencing during intra-uterine life in an infant dying at 2½ months. E. Farquhar Buzzard 508

Dementia and amentia, generalization of—intracranial abnormal and morbid appearances in mental disease. Joseph Shaw Bolton 71

Diplopia, relation of, to grooving of nerves. Harvey Cushing 221

Epidemic poliomyelitis. Report of the collective investigation committee on the New York epidemic of 1907 (Note on) 170

Epilepsy, three lectures on. William Aldren Turner (Note on) 266

Family disease: Eine eigenartige familiär-hereditäre Erkrankungsform (Aplasia axialis extracorticalis congenita). L. Merzbacher (Note on) 521

Freud's conception of hysteria. Bernard Hart 339

Gasserian ganglion, degeneration following removal of. Otto May and Sir Victor Horsley 191

Gehirn und Schadel. Dr. F. R. Hermann (Note on) 172

Hallucination and illusion. Independent activity of the centres of lower association. Joseph Shaw Bolton 124

Hysteria, Babinski's conception of. S. A. K. Wilson 299
Freud's conception of. Bernard Hart 339
Janet's conception of. S. A. K. Wilson 325
some modern French conceptions of. S. A. K. Wilson 293
two theories of. J. A. Ormerod 269

Idiocy, amaurotic family, pathological examination of freshly fixed eyes from a case of. W. I. Haneock and G. Coats 514

Illusion and hallucination. Independent activity of the centres of lower association. Joseph Shaw Bolton 124

Infantile paralysis in Massachusetts in 1909 (Note on) 369

Insanity: Konstitutionelle Verstimmung und Manisch-depressives Irresein. Eduard Reiss (Note on) 521

Intra-uterine life, does poliomyelitis occur during? Frederick E. Batten 149

Irisbewegungen beim Menschen, Untersuchung der Pupille und der. Karl Weiler (Note on) 368

Janet's conception of hysteria. S. A. K. Wilson 325

Krankenbehandlung in ihren wissenschaftlichen Grundlagen, die psychische. Berthold Kern (Note on) 370

Lamination of the normal cortex and its mode of evolution. Joseph Shaw Bolton ... 43
visuo-sensory area, the visuo-psychic zone, and the prefrontal region. Joseph Shaw Bolton 55

Language, the nature of, and the language mechanism. Joseph Shaw Bolton 118

Localization, cortical, general remarks on. Joseph Shaw Bolton 27
of cerebral function, a contribution to the, based on the clinico-pathological study of mental disease. Joseph Shaw Bolton 26
provisional scheme of the. Joseph Shaw Bolton 115

Lunacy department, reports from the pathological laboratory of the (New South Wales Government) (Note on) 172

Massachusetts, infantile paralysis in, in 1909 (Note on) 369

Medicine, a system of, by many writers. Edited by Sir Clifford Allbutt and Humphry Davy Rolleston (Note on) 367

PAGE

Mental disease, a contribution to the localization of cerebral function, based on the clinico-pathological study of. Joseph Shaw Bolton 26
defective control of processes of lower association in. Joseph Shaw Bolton 122
intracranial abnormal and morbid appearances in—generalization of amentia and dementia. Joseph Shaw Bolton 71
micrometric examination of the cerebral cortex in. Joseph Shaw Bolton 86
symptoms of brain disease. Bernard Hollander (Note on) 370

Mentally deficient children, their treatment and training. G. E. Shuttleworth and W. A. Potts (Note on) 522

Mesencephalic root of the fifth nerve. Otto May and Sir Victor Horsley 175

Micrometric examination of the cerebral cortex in mental disease. Joseph Shaw Bolton 86

Muscular atrophy, progressive spinal, of infants and young children. Frederick E. Batten 133

Myelitis, chronic. Frederick E. Batten 445

Nerve, fifth, the mesencephalic root of the. Otto May and Sir Victor Horsley 175
optic, and the accessory sinuses of the nose. A. Onodi (Note on) 266

Nervi abducentes, strangulation of the, by lateral branches of the basilar artery in cases of brain tumour. Harvey Cushing 204

Nervous diseases, a text-book of. William Aldren Turner and Thomas Grainger Stewart (Note on) 173
organic and functional: a text-book of neurology. M. Allen Starr (Note on) ... 267
response, central, to peripheral nervous distortion. W. A. Osborne and Basil Kilvington 261, 288
system, syphilis of the. F. W. Mott (Review) 160
text-book of, for physicians and students. Professor Oppenheim (Note on) 522

Neurasthenie. Otto Veraguth (Note on) 369

Neuritis, toxic. Frederick E. Batten 142

Neurologie, Handbuch der. M. Lewandowsky (Note on) 173

Neurology, a text-book of: organic and functional nervous diseases. M. Allen Starr (Note on) 267

Nose, the optic nerve and the accessory sinuses of the. A. Onodi (Note on) 266

Nouveau Traité de Médecine et de Thérapeutique. XXI. Semiologie Nerveuse (Note on) 267

Optic nerve and accessory sinuses of the nose. A. Onodi (Note on) 266
in rabbit, independence of peripheral sensory neurone in view of results of experimental section of. Janie Hamilton McIlroy 464

Palsies, abducens, correlated with possible arterial constriction. Harvey Cushing ... 212

Papillœdema, the pathogenesis of. Leslie Paton and Gordon Holmes 423
the nature of, in cerebral tumour. Leslie Paton and Gordon Holmes 417
the pathology of—a histological study of sixty eyes. Leslie Paton and Gordon Holmes 389

Paralysis agitans. Kurt Mendel (Note on) 369
infantile, in Massachusetts in 1909 (Note on) 369

Peripheral nervous distortion, central nervous response to. W. A. Osborne and Basil Kilvington 261, 288

Physiology of the special senses. Major Greenwood (Note on) 173

Poliomyelitis, does it occur during intra-uterine life? Frederick E. Batten 149
epidemic. Report of the collective investigation committee on the New York epidemic of 1907 (Note on) 170

PAGE

Psychogalvanische Reflexphänomen, das. Otto Veraguth (Note on) 171

Pupille und der Irisbewegungen beim Menschen. Untersuchung der. Karl Weiler (Note on) 368

Reflex mechanism of the step, remarks on the. C. S. Sherrington 1

Retinæ, on the relations between corresponding points of the two. William MacDougall 371

Senses, special, physiology of the. Major Greenwood (Note on) 173

Spinal cord and brain, surgery of the, based on personal experiences. Fedor Krause (Note on) 267
muscular atrophy, progressive, of infants and young children. Frederick E. Batten 433

Step, remarks on the reflex mechanism of the. C. S. Sherrington 1

Stoffwechsels bei Psychosen, Beiträge zur Pathologie des. Dr. Max Kauffmann (Note on 368

Syphilis, a system of. F. W. Mott (Note on) 170
of the nervous system. F. W. Mott (Review) 160
und Nervensystem. Professor Nonne (Review) 160

Syphilogenen Nervenkrankheiten, die Trypanosomenkrankheiten und ihre Beziehungen zu den. Walther Spielmeyer (Note on) 171

Temperatur des Gehirns, Untersuchungen über die. Hans Berger (Note on) 368

Trypanosomenkrankheiten und ihre Beziehungen zu den syphilogenen Nervenkrankheiten. Walter Spielmeyer (Note on) 171

Tumour, brain, strangulation of the nervi abducentes by lateral branches of the basilar artery in cases of. Harvey Cushing 201
papilloedema, the nature of. Leslie Paton and Gordon Holmes 417

Tumours of the third ventricle, with the establishment of a symptom-complex. T. H. Weisenburg 236

Ventricle, third, tumours of the, with the establishment of a symptom-complex. T. H. Weisenburg 236

Visual processes, theories of the. William MacDougall 378
